

Code of Conduct & Ethics

Building a caring and inclusive workplace

APRIL 2025

Message from our CEO & MD

At MUFG Pension & Market Services, our purpose is: *Committed to empowering a brighter future*. We know that to empower a brighter future for all of our stakeholders, we need a dynamic, client focused, caring and inclusive culture; a culture that is built on the foundations of an entrepreneurial spirit, effective risk management, empathy and trust; all underpinned by our values.

As a people business, our individual behaviours and collective ways of working impact how we partner with our clients and deliver on our purpose and strategy.

This Code outlines our values and the underlying behaviours that guide how we interact with each other and collaborate as an organisation in conducting our business and serving our clients and their customers.

We are committed to the highest standards of ethics and integrity and we expect you to live by these same values and behaviours in everything you do.

Our Code of Conduct and Ethics guides how we act and operate as a global team to create positive outcomes for MUFG Pension & Market Services, our clients, and the communities we operate in.

How this Code applies to you

This Code applies to all MUFG Pension & Market Services and its subsidiaries directors, employees, contractors, and all other people who represent MUFG Pension & Market Services or undertake work for the benefit of MUFG Pension & Market Services (our People) globally.

We are committed to complying with all applicable laws and regulations and conducting our business with the highest standards of ethics and integrity.

This Code sets out the standards of behaviour that are required of you – what you do and the way you do it. It is not an exhaustive list of policies and procedures. You must comply with additional MUFG Pension & Market Services policies and procedures not detailed in this Code. This Code is based on our purpose and values and is designed to help you make the right choices.

Our Purpose & Values

Our purpose

Our values

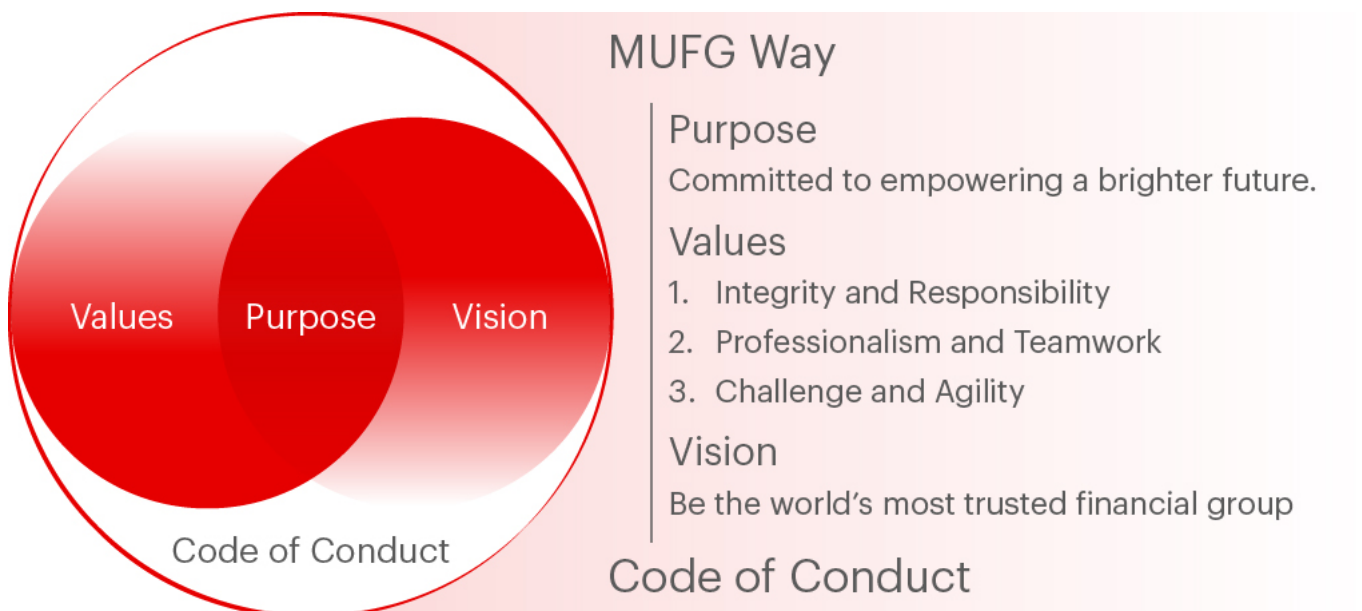

MUFG Pension & Market Services' commitment to our purpose and conducting our business with the highest standards of ethics and integrity is reflected in our values.

Integrity and Responsibility

Professionalism and Teamwork

Challenge and Agility

Our Inclusive Work Environment

We work in an inclusive environment where our People feel valued and respected, and are confident to speak up when they want to raise an issue.

Diversity and inclusion

We recognise and respect the importance of diversity and inclusion as an integral part of how we operate. We promote a culture where differences are valued by encouraging, supporting and recognising the various talents and perspectives of our people.

We expect everyone to conduct themselves ethically, honestly, responsibly, diligently, conscientiously and to the best of their ability; and treat others with fairness and respect. We promote a flexible and blended work environment where our people can thrive and achieve together, and their health, safety and wellbeing is a priority. We do not tolerate unlawful discrimination, harassment, bullying, vilification or victimisation and we will act promptly on any complaints.

Employee grievances

We encourage you to speak up and raise any grievances – any type of problem, concern, or complaint you have related to work or the work environment, whether real or perceived. We ensure grievances and disputes are resolved fairly, in a timely manner, and with appropriate confidentiality.

Wherever possible, you should first attempt to resolve workplace complaints by discussing the matter directly with the person concerned or with your immediate manager. If the complaint cannot be resolved in this manner, we have in place a formal grievance procedure that provides a framework in which you can raise issues and express your concerns. You can submit a formal grievance in writing to your manager or Human Resources.

We apply several key principles to the resolution of a grievance:

- right to be accompanied;
- confidentiality;
- impartiality;
- a process to ensure complainants are free from victimisation; and
- timeliness.

In order to protect you from malicious accusations, we may take disciplinary action against those who make false allegations.

Personal & Professional Conduct

We act honestly and fairly and earn the trust of our clients and their customers, our colleagues, and the wider community through our high ethical standards.

We comply with all applicable laws and regulations and carry out our duties with integrity to avoid any actual or perceived conflicts of interest, suggestions of impropriety or undue influence. The following standards and responsibilities support the way we work in accordance with our values to deliver on our strategic vision and purpose.

Conflicts of interest

Conflicts of interest may arise because of the breadth and range of services provided by MUFG Pension & Market Services and the number of stakeholders we work with. It is important that you are alert to potential conflicts of interest as they can have a detrimental impact on our reputation and damage the trust and confidence of our stakeholders.

As an employee of MUFG Pension & Market Services, you must:

- not use your position, or opportunities arising from your position, for personal gain (directly or indirectly) or to cause detriment to MUFG Pension & Market Services or our clients;
- not take advantage of any property of MUFG Pension & Market Services or of our clients;
- not enter into any arrangement or participate in any activity that would actually, potentially, or be perceived to conflict with MUFG Pension & Market Services' best interests or that would be likely to negatively affect our reputation;
- not engage in any outside business activity involving commercial contracts with, or work for the benefit of, third parties with whom MUFG Pension & Market Services has entered into a commercial contract, without the prior written consent of your manager; and
- disclose (to your manager) close personal relationships with other employees where there are direct reporting lines, or where there are real or possible conflicts between roles and responsibilities.

You should avoid conflicts of interest where possible and disclose them where this is not possible.

Gifts and hospitality

Gifts and hospitality should only be accepted or offered by you in circumstances that do not create a real or perceived obligation for MUFG Pension & Market Services or our People, and that do not inappropriately influence an existing or future business relationship with the provider or recipient of the gift or hospitality or the organisation they represent.

You are required to notify and/or seek approval from your manager before accepting or offering gifts or hospitality above specified thresholds.

If there is any doubt about the appropriateness of accepting any gift or hospitality from a current or prospective future client or supplier, you should politely decline the gift. Doing so will only enhance our reputation as an organisation of high ethical standing.

Political donations and activities

MUFG Pension & Market Services expresses its views to governments on subjects that affect our interests and operations. In doing so, we will always comply with any applicable laws and demonstrate high standards of ethics.

You may attend political party conferences and political functions in your capacity as an MUFG Pension & Market Services employee, only with the approval of the Managing Director, for commercial reasons and where the proposed amount to be paid is not in excess of the value of the function to MUFG Pension & Market Services. Otherwise, political donations must not be made directly or indirectly on behalf of MUFG Pension & Market Services.

Fraud, corruption and bribery

We have zero-tolerance for fraud, theft, bribery and any other dishonest, unlawful or improper activities. Failing to appropriately manage fraudulent or corrupt behaviour, including bribery, can affect MUFG Pension & Market Services' and our clients' assets and reputation.

You are required to act with honesty and integrity and in the best interests of MUFG Pension & Market Services and those parties with whom we have a business relationship and not engage in bribery or any other corrupt or fraudulent behaviour. If you witness any of our People engaging in any behaviour that is unlawful, improper, unethical or criminal in nature, it must be reported.

It is illegal, and as such prohibited to trade a financial product when in possession of non-public price sensitive information about this product (insider trading prohibition). The insider trading prohibition protects market integrity and prevents Conflict of Interest that arise when people use their privileged position or access to confidential information for their own benefit or to harm others.
